No. 1:25-cv-\_\_\_\_\_

U.S. DEPARTMENT OF HEALTH AND  
HUMAN SERVICES, et al.,

*Defendants.*

**DECLARATION OF EILEEN M. SULLIVAN**

I, Eileen M. Sullivan, declare under the penalty of perjury pursuant to 28 U.S.C. § 1746 that the foregoing is true and correct:

1. I am a resident of the Commonwealth of Massachusetts. I am over the age of 18.
2. If called as a witness, I could and would testify competently to the matters set forth below.
3. I am currently employed by the Massachusetts Department of Public Health (the “Department”) as its Chief Operating Officer.
4. I have been employed by the Department since June 27, 1999, and have held my current position since July 1, 2015.
5. As the Chief Operating Officer for the Department, I have personal knowledge of the matters set forth below or have knowledge of the matters based on my review of information and records provided to me by the Department and its employees and believe that information to be true.

6. I am the Department's Authorizing Official with respect to the federal grants awarded to the Department.

7. The Department is statutorily mandated to take cognizance of the interests of life, health, comfort and convenience among the citizens of the Commonwealth and to conduct investigations as to the causes of disease, and especially of epidemics. Mass. G.L. c. 111, § 5. The Department is statutorily mandated to determine which diseases shall be deemed to be dangerous to the public health, Mass. G.L. c. 111, § 6, and to investigate dangerous infectious diseases and their spread in the Commonwealth. Mass. G.L. c. 111, § 7.

8. The Department is statutorily mandated to establish comprehensive programs for the prevention and treatment of drug and alcohol dependency and provide technical assistance and consultation services for these purposes. Mass. G.L. c. 111B, § 4; Mass. G.L. c. 111E, § 5.

#### **U.S. Centers for Disease Control and Prevention Grants**

9. On or about March 25, 2025, the Department received four Notices of Award that purported to immediately terminate four grants or portions of grants that had been previously awarded to the Department by the U.S. Centers for Disease Control and Prevention ("CDC") ("Termination Notices").

10. Specifically, the terminations affected grants entitled: Community Health Workers for COVID Response & Resilient Communities ("CHW CCR Grant"); National Initiative to Address COVID-19 Health Disparities Among Populations at High-Risk and Underserved, Including Racial and Ethnic Minority Populations and Rural Communities ("Health Disparities Grant"); Building and Enhancing Epidemiology, Laboratory and Health Information Systems Capacity in Massachusetts ("ELC Grant"); and Immunization and Vaccines for Children ("Immunization Grant") (the "CDC Affected Grants").

11. The Termination Notices forbade any expenditures after March 24, 2025—the day before the Department became aware of the termination. The Department had no prior notice of such termination.

12. Prior to the Termination Notices, CDC had never provided the Department with notice, written or otherwise, that the CDC Affected Grants were in any way unsatisfactory.

13. The Termination Notices purported to terminate the CDC Affected Grants “for cause” and asserted that the cause is the end of the COVID-19 pandemic. While the language varied slightly between the four Termination Notices received by the Department, the language contained in the Notice relating to the ELC Grant is exemplary:

**TERMS AND CONDITIONS OF AWARD**

Termination: The purpose of this amendment is to terminate the use of any remaining COVID-19 funding associated with this award. The termination of this funding is for cause. HHS regulations permit termination if ‘the non-Federal entity fails to comply with the terms and conditions of the award’, or separately, ‘for cause.’ The end of the pandemic provides cause to terminate COVID-related grants and cooperative agreements. These grants and cooperative agreements were issued for a limited purpose: to ameliorate the effects of the pandemic. Now that the pandemic is over, the grants and cooperative agreements are no longer necessary as their limited purpose has run out. Termination of use of funding under the listed document number(s) is effective as of the date set out in your Notice of Award.

14. The CDC Affected Grants fund various activities performed or purchased by the Department, including but not limited to: the costs of full-time employees; procurement and operation of the Department’s State Public Health Laboratory’s Laboratory Information Management System; various laboratory equipment; rural immunization support; in-home vaccination services; near-real time hospital bed capacity data feed to CDC’s National Healthcare Safety Network; various data modernization activities that enable timely data collection and sharing across public health, laboratory, and healthcare data systems to support general disease response and to enhance pandemic response capacities as well as other work that

makes public health data and analysis publicly and rapidly available in various data dashboards ; improving the system for vital records, including birth and death records; maintenance of the Department's strategic stockpile of emergency response assets and personal protective equipment; and, contracting with a variety of external entities for a multitude of purposes such as municipal health departments to support staffing for activities such as rapid disease detection and linkage to treatment, community health centers to support the delivery of care, non-profit organizations that support unhoused people, and wastewater monitoring vendors to allow early detection of and timely response to increasing disease risk.

15. The Department, in reliance on the CDC Affected Grants, has employed 87 staff. Seventy-two of these employees are members of various unions, whose terms of employment are covered by the following collective bargaining agreements entered into with the Commonwealth: Unit 1 (National Association of Government Employees-Administrative Personnel); Unit 6 (National Association of Government Employees-Professionals); Unit 7 (Massachusetts Nurses Association-Health Care Professionals); and Unit 9 (Massachusetts Organization of State Engineers and Scientists) ("Affected CBAs").

16. These employees perform critical functions within the Department including but not limited to: epidemiologic follow-up, including case investigation and response with local boards of health; public health nursing; surveillance of infectious disease, including the processing of laboratory reports of infectious disease from testing providers and the development of dashboards providing information to the public; laboratory testing specimens, including sequencing of pathogens; laboratory safety health and training, including BioSafety Response; laboratory operations, including accessioning of specimens; development of specifications for the Laboratory Information Management System (LIMS) and the Massachusetts Virtual

Epidemiologic Network (MAVEN); and work with tribal authorities to ensure proper follow up for cases of infectious disease.

17. The Department, in further reliance on the CDC Affected Grants, has procured services and equipment and entered into contracts funded by the CDC Affected Grants.

18. The value of the CDC Affected Grants is approximately \$933,357,573.00.

19. The balance of the funds affected by the Termination Notices is \$105,183,611.02.

**Community Health Workers for COVID Response & Resilient Communities (CHW CCR Grant)**

20. The solicitation for the CHW CCR Grant was issued May 24, 2021, and made funds available to achieve the goal of the CARES Act in preventing COVID-19 and protecting the American people from related public health impacts through training and deployment of community health workers (“CHWs”) to response efforts and by building and strengthening community resilience. See attached at Exhibit A.

21. The Department was awarded \$9,000,000.00 via the CHW CCR Grant. Of that total, \$6,954,440.39 has been spent, and \$2,045,559.61 is remaining.

22. The CHW CCR Grant funding that is purported to be terminated would support, for example: 2.7 full-time equivalents (“FTEs”) at approximately \$600,000 and \$1.2 million to community health centers and local boards of health. Remaining costs include technical assistance and infrastructure development for community health centers and local boards of health focused on integration of community health workers into infrastructure to build resiliency and future response efforts.

23. The CHW CCR Grant originally included a performance period of August 31, 2021 to August 30, 2024. CDC extended the period to August 30, 2025.

24. On or about March 25, 2025, the Department received a Notice of Award for the CHW CCR Grant, which provided a notice of termination. See attached at Exhibit B.

**National Initiative to Address COVID-19 Health Disparities Among Populations at High-Risk and Underserved, Including Racial and Ethnic Minority Populations and Rural Communities (Health Disparities Grant)**

25. The solicitation for the Health Disparities Grant was issued May 3, 2021, which provided funding for strategies to improve testing capabilities and other COVID-19 response activities in populations that are at high-risk and underserved, including racial and ethnic minority groups and people living in rural communities. See attached at Exhibit C.

26. The Department was awarded \$18,573,439.00 via the Health Disparities Grant. Of that total, \$18,303,239.68 has been spent, and \$270,199.32 is remaining.

27. The Health Disparities Grant had originally included a performance period of June 1, 2021 to May 31, 2023. CDC extended the period to May 31, 2025.

28. On or about March 25, 2025, the Department received a Notice of Award for the Health Disparities Grant, which provided a notice of termination. See attached at Exhibit D.

**Building and Enhancing Epidemiology, Laboratory and Health Information Systems Capacity in Massachusetts (ELC Grant)**

29. The solicitation for the ELC Grant, issued in 2019, provided in part:

The goal of the Epidemiology and Laboratory Capacity for Prevention and Control of Emerging Infectious Diseases (ELC) program is to reduce illness and related deaths caused by a wide range of infectious disease threats. The ELC Program provides annual funding, strategic direction and technical assistance to domestic jurisdictions for core capacities in epidemiology, laboratory, and health information technology activities. In addition to strengthening core infectious disease capacities nationwide, this cooperative agreement also supports a myriad of specific infectious disease programs.

30. The solicitation specifically noted, “increased responsibilities at the state and local level for emerging infectious disease control, notably for emergency responses to Ebola and Zika, and for expanded investment to curb antibiotic resistant (AR) infections and modernize

public health laboratory capacity. Ebola and Zika funding began as one-time emergency funding, while AR funding is expected to reoccur annually, and base vector-borne disease funding is beginning to grow. Together with food- and water-borne disease program growth, these investments have moved from capacity building to program delivery. In other infectious disease areas, capacity building is still the focus of investments.” See attached at Exhibit E.

31. The Termination Notice pertaining to the ELC Grant identified four specific document numbers that were purportedly subject to termination. These document numbers related to four supplements to the original 2019 ELC Grant (“ELC Supplements”).

32. The Department award for the ELC Supplements is \$775,953,985.00. Of that total, \$692,032,955.11 has been spent, and \$83,921,029.89 is remaining.

33. The ELC Supplements funding which is purported to be terminated would support, for example, \$9.5 million for maintenance of the Department’s preparedness and emergency response assets stockpile, \$6.6 million to support the Department’s virtual epidemiologic network, \$1.8 million for epidemiologic and laboratory support, \$4.8 million in laboratory equipment and supplies, \$5.6 million for data modernization initiatives necessary for disease tracking and reporting, \$4.4 million for local board of health infrastructure, and \$4.4 million for wastewater testing.

34. The ELC Supplements originally included a performance period of April 23, 2020 to April 23, 2022. CDC extended the period to July 31, 2026.

35. On or about March 25, 2025, the Department received a Notice of Award for the ELC Grant, which provided a notice of termination. See attached at Exhibit F.

## **Immunization and Vaccines for Children (Immunization Grant)**

36. The solicitation for the Immunization Grant was issued in 2019. In 2020, CDC amended the 2019 Immunization Grant solicitation to include information relating to COVID-19. CDC described the amendment as informational only and stated that CDC was not accepting new award applications. CDC further stated that the purpose of the amendment was to include language regarding COVID-19 response and future [vaccine preventable disease] VPD public health threats. This amended solicitation provided in part, “This opportunity supports public health systems to ensure high vaccination coverage, low incidence of vaccine preventable diseases (VPD), and the ability to respond to VPD threats. The Vaccines for Children (VFC) program allows increased access to vaccines for eligible children by supplying government-purchased vaccines to enrolled health care providers. Section 317 of the Public Health Service Act authorizes awards to States, political subdivision of States, and to other public entities to help meet the costs of prevention health services. Priorities for Section 317 immunization programs are to preserve public health immunization infrastructure; maintain adequate vaccine supply as a safety net for uninsured adults, and other urgent vaccine needs; and to respond to VPD outbreaks. Also, to rapidly identify and investigate current and future VPD cases/outbreaks, including COVID-19 or other emerging public health emergencies, conduct surveillance and laboratory testing, implement vaccination and other measures to control the spread of VPD and prevent future outbreaks. Award recipients are responsible for VFC and Section 317 vaccine program implementation.

37. Project activities include provider and public education, vaccine distribution and inventory management, supporting immunization outreach, Immunization Information System (IIS) maintenance and enhancement, and VPD surveillance. Recipients must be positioned to

transition into the changing health care environment and make use of quality improvement to reduce or eliminate vaccination coverage disparities and protect vulnerable populations.” See attached at Exhibit G.

38. The Termination Notice pertaining to the Immunization Grant identified four specific document numbers that were purportedly subject to termination. These document numbers related to two supplements to the original 2019 Immunization Grant as amended (“Immunization Supplements”).

39. The awarded amount for the Immunization Supplements is \$129,830,149.00. Of that total, \$110,883,326.80 has been spent, and \$18,946,822.20 is remaining.

40. The Immunization Supplements funding which is purported to be terminated would support, for example, community based vaccination services such as mobile vaccination services in municipalities disparately impacted by COVID-19, including major urban centers in Massachusetts such as Boston, Fall River, New Bedford, Springfield, and Worcester; in-home vaccination services for COVID-19 and influenza that enable individuals who are unable to leave their homes to access vaccination, including but not limited to older adults, persons living with disabilities, and parents/guardians of children with disabilities; immunization operational support related to vaccine management and maintenance and use of the Massachusetts Immunization Management System; rural immunization support that includes vaccination services for residents in rural areas; and efforts to address health related social needs, including transportation, access to care, housing, food security and economic supports.

41. The Immunization Supplements originally included a performance period of June 5, 2020 to July 5, 2021. CDC extended the period to June 30, 2025.

42. On or about March 25, 2025, the Department received a Notice of Award for the Immunization Grant, which provided a notice of termination. See attached at Exhibit H.

43. On or about March 27, 2025, the Comptroller of the Commonwealth attempted to process its weekly draw down of funds for the CDC Affected Grants, all of which were obligated by the Department prior to the termination notices. The Comptroller's attempt was not successful.

44. Immediate termination of the CDC Affected Grants without providing the funding the Department has relied on to pay its contracted vendors and its own employees would cause irreparable harm to the Department, the programs funded by the CDC Affected Grants, the contracted vendors and the employees performing the vital functions funded by the CDC Affected Grants.

#### **SAMHSA Substance Abuse Block Grants**

45. On or about May 17, 2021, the federal Substance Abuse and Mental Health Services Administration ("SAMHSA") awarded the Department \$32,254,331 (FAIN B08TI083946) ("SABG(1)"), and on or about August 10, 2021, SAMHSA awarded the Department \$1,120,601 (FAIN B08TI084586) ("SABG(2)"). Attached as Exhibits I and J are true copies of the Notices of Award issued to the Single State Authority for Massachusetts on behalf of the Department by SAMHSA. For both awards, SAMHSA required the expenditure of funds on or before September 30, 2025.

46. These awards were made pursuant to Subparts II & III,B, Title XIX, PHS Act/45 CFR Part 96 and Public Law 117-2, the American Rescue Plan Act of 2021 (ARPA), for the purpose of supporting states to address the effects of the COVID-19 pandemic for Americans with substance use disorders.

47. The Department, in reliance on SABG(1), has procured services and equipment and entered into contracts for purposes including: substance use prevention, outpatient, mobile, and in-home addiction treatment and supports, youth intervention services, recovery support services, and 24-hour treatment services for adults.<sup>1</sup>

48. As of March 24, 2025, \$28,707,291 of the funds have been expended from SABG(1), leaving a balance of \$3,547,040.

#### **Termination Notices of SABG(1) and SABG(2)**

49. On or about March 24, 2025, the Department received a notification via electronic mail that SABG(2) was being terminated “for cause” due to the end of the pandemic which “provides cause to terminate COVID-related grants.”

50. On or about March 27, 2025, the Department was contacted by a reporter for a media outlet with the following inquiry:

I see on the DOGE savings website that two grants to the MA DPH from the federal Department of Health and Human Services were canceled on Sunday....I’m attaching screenshots of all the information that the Department of Government Efficiency offered. One was worth \$32,254,331, another was worth \$1,120,601.

51. The Department had not received any notice of termination prior to this date for SABG(1).

52. The Department contacted a Grant Management Specialist at SAMHSA, who indicated that multiple termination notices for SABG(1) had been sent via electronic mail on March 24, 2025.

---

<sup>1</sup> The Department has not expended any funds from SABG(2).

53. On or about March 27, 2025, following an inquiry from the Department, the Grant Management Specialist sent PDFs of the purported termination notices dated March 24, 2025. These PDFs contained an incorrect Department email address.

54. On or about March 28, 2025, at approximately 12:50pm, two additional notices were delivered from SAMHSA via email. These indicate an appeal process and state that the grants were terminated for cause.

55. On March 29, 2025, the Department received revised Notices of Award (“March 29 NOA”) via electronic mail, reflecting the purported terminations. The March 29 NOA purported to terminate SABG(1) “for cause” and asserted both that the Department “failed to comply with the agreements or other conditions required for the receipt of a grant under the program involved...” and that the cause is the end of the COVID-19 pandemic:

The end of the pandemic provides cause to terminate COVID-related grants and cooperative agreements. These grants and cooperative agreements were issued for a limited purpose: to ameliorate the effects of the pandemic. Now that the pandemic is over, the grants and cooperative agreements are no longer necessary as their limited purpose has run out. Termination of this award is effective as of 11:59PM EDT, March 24, 2025.

56. The March 29 NOA further provided a multi-step process for obtaining payment for funds to which the Department is entitled to under the SABG(1), none of which existed prior to the March 29 NOA as well as an opportunity for a hearing.

57. Prior to this purported termination, SAMHSA had never provided the Department with notice, written or otherwise, that the performance of SABG(1) was in any way unsatisfactory.

58. The termination of the SABG(1) without any advance notice, more than six months prior to the planned completion on September 30, 2025, jeopardizes the health and well-being of individuals and families who have been receiving care and services funded by

SABG(1). The continuation of funding through the original end date for the grant is needed to ensure an orderly completion of current services and transition to alternative services as may be appropriate.

59. Immediate termination of the SABG(1) without providing the funding the Department has relied on to pay its contracted vendors would cause irreparable harm to the Department.

I declare under penalty of perjury under the laws of the United States that, to the best of my knowledge, the foregoing is true and correct.

Executed on April 1, 2025, at Boston, Massachusetts.

1. Terms and Conditions

## TERMS AND CONDITIONS OF AWARD

**Termination:** The purpose of this amendment is to terminate this award which is funded by COVID-19 supplemental appropriations. The termination of this award is for cause. HHS regulations permit termination if “the non-Federal entity fails to comply with the terms and conditions of the award”, or separately, “for cause.” The end of the pandemic provides cause to terminate COVID-related grants and cooperative agreements. These grants and cooperative agreements were issued for a limited purpose: to ameliorate the effects of the pandemic. Now that the pandemic is over, the grants and cooperative agreements are no longer necessary as their limited purpose has run out. Termination of this award is effective as of the date set out in your Notice of Award.

No additional activities can be conducted, and no additional costs may be incurred. Unobligated award balances will be de-obligated by CDC.

**Closeout:** In order to facilitate an orderly closeout, we are requesting that you submit all closeout reports identified below within thirty (30) days of the date of this NoA. Submit the documentation as a “Grant Closeout” amendment in GrantSolutions. The reporting timeframe is the full period of performance. Please note, if you fail to submit timely and accurate reports, CDC may also pursue other enforcement actions per 45 CFR Part 75.371.

**Final Performance/Progress Report:** This report should include the information specified in the Notice of Funding Opportunity (NOFO). At a minimum, the report will include the following:

- Statement of progress made toward the achievement of originally stated aims.
- Description of results (positive or negative) considered significant.
- List of publications resulting from the project, with plans, if any, for further publication.

**Final Federal Financial Report (FFR, SF-425):** The FFR should only include those funds authorized and expended during the timeframe covered by the report. The final report must indicate the exact balance of unobligated funds and may not reflect any unliquidated obligations. Should the amount not match with the final expenditures reported to the Payment Management System (PMS), you will be required to update your reports to PMS accordingly.

**Equipment and Supplies - Tangible Personal Property Report (SF-428):** A completed SF-428 detailing all major equipment acquired with a unit acquisition cost of \$10,000 or more. If no equipment was acquired under the award, a negative report is required

1. Terms & Conditions

## TERMS AND CONDITIONS OF AWARD

**Termination:** The purpose of this amendment is to terminate this award which is funded by COVID-19 supplemental appropriations. The termination of this award is for cause. HHS regulations permit termination if “the non-Federal entity fails to comply with the terms and conditions of the award”, or separately, “for cause.” The end of the pandemic provides cause to terminate COVID-related grants and cooperative agreements. These grants and cooperative agreements were issued for a limited purpose: to ameliorate the effects of the pandemic. Now that the pandemic is over, the grants and cooperative agreements are no longer necessary as their limited purpose has run out. Termination of this award is effective as of the date set out in your Notice of Award.

No additional activities can be conducted, and no additional costs may be incurred. Unobligated award balances will be de-obligated by CDC.

**Closeout:** In order to facilitate an orderly closeout, we are requesting that you submit all closeout reports identified below within thirty (30) days of the date of this NoA. Submit the documentation as a “Grant Closeout” amendment in GrantSolutions. The reporting timeframe is the full period of performance. Please note, if you fail to submit timely and accurate reports, CDC may also pursue other enforcement actions per 45 CFR Part 75.371.

**Final Performance/Progress Report:** This report should include the information specified in the Notice of Funding Opportunity (NOFO). At a minimum, the report will include the following:

- Statement of progress made toward the achievement of originally stated aims.
- Description of results (positive or negative) considered significant.
- List of publications resulting from the project, with plans, if any, for further publication.

**Final Federal Financial Report (FFR, SF-425):** The FFR should only include those funds authorized and expended during the timeframe covered by the report. The final report must indicate the exact balance of unobligated funds and may not reflect any unliquidated obligations. Should the amount not match with the final expenditures reported to the Payment Management System (PMS), you will be required to update your reports to PMS accordingly.

**Equipment and Supplies - Tangible Personal Property Report (SF-428):** A completed SF-428 detailing all major equipment acquired with a unit acquisition cost of \$10,000 or more. If no equipment was acquired under the award, a negative report is required

1. Terms and Conditions

## AWARD INFORMATION

**Incorporation:** In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federalregulationspolicies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number CDC-RFA-CK19-1904, entitled 2019 Epidemiology and Laboratory Capacity for Prevention and Control of Emerging Infectious Diseases (ELC) - 2019, and application dated May 8, 2019, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

**Approved Funding:** Funding in the amount of \$5,353,737 is approved for the Year 01 budget period, which is August 1, 2019 through July 31, 2020. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

NOFO Funding	Amount
Non-PPHF	\$ 5,353,737

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

**Financial Assistance Mechanism:** Cooperative Agreement

**Substantial Involvement by CDC:** This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities therein, as detailed in the NOFO.

**Objective/Technical Review Statement Response Requirement:** The review comments on the strengths and weaknesses of the proposal are provided as part of this award. A response to the weaknesses in these statements must be submitted to and approved, in writing, by the Program Officer noted in the CDC Staff Contacts section of this NoA, no later than 30 days from the budget period start date. Failure to submit the required information by the due date, September 2, 2019, will cause delay in programmatic progress and will adversely affect the future funding of this project.

**Budget Revision Requirement:** By September 2, 2019 the recipient must submit a revised budget with a narrative justification. Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to contact the GMS/GMO identified in the CDC Staff Contacts section of this notice before the due date.

**Expanded Authority:** The recipient is permitted the following expanded authority in the administration of the award.

- ☒ Carryover of unobligated balances from one budget period to a subsequent budget period. Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of unobligated funds in Section 12 "Remarks" of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient's authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

**Program Income:** Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.

1. Terms and Conditions

## **TERMS AND CONDITIONS OF AWARD**

**Termination:** The purpose of this amendment is to terminate the use of any remaining COVID-19 funding associated with this award. The termination of this funding is for cause. HHS regulations permit termination if “the non-Federal entity fails to comply with the terms and conditions of the award”, or separately, “for cause.” The end of the pandemic provides cause to terminate COVID-related grants and cooperative agreements. These grants and cooperative agreements were issued for a limited purpose: to ameliorate the effects of the pandemic. Now that the pandemic is over, the grants and cooperative agreements are no longer necessary as their limited purpose has run out. Termination of use of funding under the listed document number(s) is effective as of the date set out in your Notice of Award.

Impacted document numbers are included on page 2 of this Notice of Award (NoA).

No additional activities can be conducted, and no additional costs may be incurred, as it relates to these funds. Unobligated award balances of COVID-19 funding will be de-obligated by CDC. Award activities under other funding may continue consistent with the terms and conditions of the award.

**Final Federal Financial Report (FFR, SF-425):** Within 30 days please submit final FFR’s for impacted document numbers. The FFR should only include those funds authorized and expended during the timeframe covered by the report. The final report must indicate the exact balance of unobligated funds and may not reflect any unliquidated obligations. Should the amount not match with the final expenditures reported to the Payment Management System (PMS), you will be required to update your reports to PMS accordingly.

**All other terms and conditions of this award remain in effect.**

1. Terms and Conditions for termination

## **TERMS AND CONDITIONS OF AWARD**

**Termination:** The purpose of this amendment is to terminate the use of any remaining COVID-19 funding associated with this award. The termination of this funding is for cause. HHS regulations permit termination if “the non-Federal entity fails to comply with the terms and conditions of the award”, or separately, “for cause.” The end of the pandemic provides cause to terminate COVID-related grants and cooperative agreements. These grants and cooperative agreements were issued for a limited purpose: to ameliorate the effects of the pandemic. Now that the pandemic is over, the grants and cooperative agreements are no longer necessary as their limited purpose has run out. Termination of use of funding under the listed document number(s) is effective as of the date set out in your Notice of Award.

Impacted document numbers are included on page 2 of this Notice of Award (NoA).

No additional activities can be conducted, and no additional costs may be incurred, as it relates to these funds. Unobligated award balances of COVID-19 funding will be de-obligated by CDC. Award activities under other funding may continue consistent with the terms and conditions of the award.

**Final Federal Financial Report (FFR, SF-425):** Within 30 days please submit final FFR’s for impacted document numbers. The FFR should only include those funds authorized and expended during the timeframe covered by the report. The final report must indicate the exact balance of unobligated funds and may not reflect any unliquidated obligations. Should the amount not match with the final expenditures reported to the Payment Management System (PMS), you will be required to update your reports to PMS accordingly.

**All other terms and conditions of this award remain in effect.**

### **Standard Terms of Award:**

#### **1) Acceptance of the Terms of an Award**

By drawing or otherwise obtaining funds from the HHS Payment Management System, the recipient acknowledges acceptance of the terms and conditions of the award and is obligated to perform in accordance with the requirements of the award. Except for any waiver granted explicitly elsewhere in this section, this award does not constitute approval for waiver of any Federal statutory/regulatory requirements for a SABG. Once a recipient accepts an award, the contents of the Notice of Award (NoA) are binding on the recipient unless and until modified by a revised NoA signed by the GMO.

#### **Certification Statement:**

By drawing down funds, The recipient agrees to abide by the statutory requirements of all sections of the Substance Abuse Prevention and Treatment Block Grant (SABG) (Public Health Service Act, Sections 1921-1935 and sections 1941-1957) (42 U.S.C. 300x-21-300x-35 and 300x-51-300x-67, as amended), and other administrative and legal requirements as applicable for the duration of the award.

#### **2) Availability of Funds**

Funds provided under this grant must be obligated and expended by September 30, 2025.

#### **3) Fiscal and administrative requirements**

This NoA issued is subject to the administrative requirements for HHS block grants under 45 CFR Part 96, as applicable, and 45 CFR Part 75, as specified. Except for section 75.202 of Subpart C, and sections 75.351 through 75.353 of Subpart D, the requirements in Subpart C, Subpart D, and Subpart E do not apply to this program (reference 45 CFR Part 75 Subpart B, 75.101(d)).

**Fiscal control and accounting procedures** - Fiscal control and accounting procedures must be sufficient to (a) permit preparation of reports required by the statute authorizing the block grant and (b) permit the tracing of funds to a level of expenditure adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of the statute authorizing the block grant.

ARPA funding is being issued under a separate grant award number and has a unique subaccount in the Payment Management System. Accordingly, ARPA funds must be tracked and reported separately from other FY 2021 awarded funds, including COVID-19 Supplemental funding and the Annual Block Grant Allotment.

**Audits** - Grantees and subgrantees are responsible for obtaining audits in accordance with the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133, "Audits of State, Local Governments, and Non-Profit Organizations." The audits shall be made by an independent auditor in accordance with generally accepted Government auditing standards covering financial audits.

Except for any waiver granted explicitly elsewhere in this section, this award does not constitute approval for waiver of any Federal statutory/regulatory requirements for a SABG.

#### **4) Flow-down of requirements to sub-recipients**

The grantee, as the awardee organization, is legally and financially responsible for all aspects of this award including funds provided to sub-recipients, in accordance with 45 CFR 75.351-75.353, Sub-recipient monitoring and management.

#### **5) Executive Pay**

The Consolidated Appropriations Act, 2021 (Public Law 116-260), signed into law on December 27, 2020 restricts the amount of direct salary to Executive Level II of the Federal Executive Pay scale. Effective January 3, 2021, the salary limitation for Executive Level II is \$199,300.

For awards issued prior to this change, if adequate funds are available in active awards, and if the salary cap increase is consistent with the institutional base salary, recipients may re-budget to accommodate the current Executive Level II salary level. However, no additional funds will be provided to these grant awards.

#### **6) Marijuana Restriction:**

Grant funds may not be used, directly or indirectly, to purchase, prescribe, or provide marijuana or treatment using marijuana. Treatment in this context includes the treatment of opioid use disorder. Grant funds also cannot be provided to any individual who or organization that provides or permits marijuana use for the purposes of treating substance use or mental disorders. See, e.g., 45 C.F.R. 75.300(a) (requiring HHS to ensure that Federal funding is expended . . . in full accordance with U.S. statutory . . . requirements.); 21 U.S.C. 812(c) (10) and 841 (prohibiting the possession, manufacture, sale, purchase or distribution of marijuana). This prohibition does not apply to those providing such treatment in the context of clinical research permitted by the DEA and under an FDA-approved investigational new drug application where the article being evaluated is marijuana or a constituent thereof that is otherwise a banned controlled substance under federal law.

#### **10) The Trafficking Victims Protection Act of 2000 (22 U.S.C. 7104(G)), as amended, and 2 C.F.R. PART 175**

The Trafficking Victims Protection Act of 2000 authorizes termination of financial assistance provided to a private entity, without penalty to the Federal government, if the recipient or subrecipient engages in certain activities related to trafficking in persons. SAMHSA may unilaterally terminate this award, without penalty, if a private entity recipient, or a private entity subrecipient, or their employees: a) Engage in severe forms of trafficking in persons during the period of time that the award is in effect; b) Procure a commercial sex act during the period of time that the award is in effect; or, c) Use forced labor in the performance of the award or subawards under the award. #### **11) Drug-Free Workplace Requirements**

The Drug-Free Workplace Act of 1988 (41 U.S.C. 701 et seq.) requires that all organizations receiving grants from any Federal agency agree to maintain a drug-free workplace. When the AR signed the application, the AR agreed that the recipient will provide a drug-free workplace and will comply with the requirement to notify SAMHSA if an employee is convicted of violating a criminal drug statute. Failure to comply with these requirements may be cause for debarment. Government wide requirements for Drug-Free Workplace for Financial Assistance are found in 2 CFR part 182; HHS implementing regulations are set forth in 2 CFR part 382.400. All recipients of SAMHSA grant funds must comply with the requirements in Subpart B (or Subpart C if the recipient is an individual) of Part 382.

#### **12) Lobbying**

No funds provided under the attached Notice of Award (NoA) may be used by you or any sub-recipient under the grant to support lobbying activities to influence proposed or pending federal or state legislation or appropriations. The prohibition relates to the use of federal grant funds and is not intended to affect your right or that of any other organization, to petition Congress or any other level of government, through the use of other nonfederal resources. Reference 45 CFR Part 93.

#### **13) Accessibility Provisions**

Grant recipients of Federal financial assistance (FFA) from HHS must administer their programs in compliance with Federal civil rights law. This means that recipients of HHS funds must ensure equal access to their programs without regard to a person's race, color, national origin, disability, age, and in some circumstances, sex and religion. This includes ensuring your programs are accessible to persons with limited English proficiency. The HHS Office for Civil Rights also provides guidance on complying with civil rights laws enforced by HHS. Please see

<http://www.hhs.gov/ocr/civilrights/understanding/section1557/index.html>. Recipients of FFA also have specific legal obligations for serving qualified individuals with disabilities. Please see <http://www.hhs.gov/ocr/civilrights/understanding/disability/index.html>. Please contact the HHS Office for Civil Rights for more information about obligations and prohibitions under Federal civil rights laws at <https://www.hhs.gov/civil-rights/index.html> or call 1-800-368-1019 or TDD 1-800-537-7697. Also note that it is an HHS Departmental goal to ensure access to quality, culturally competent care, including long-term services and supports, for vulnerable populations. For further guidance on providing culturally and linguistically appropriate services, recipients should review the National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care at <https://minorityhealth.hhs.gov/omh/browse.aspx?lvl=1&lvlid=6>.

#### **14) Audits**

Non-Federal recipients that expend \$750,000 or more in federal awards during the recipient's fiscal year must obtain an audit conducted for that year in accordance with the provisions of 45 CFR 96.31.

Recipients are responsible for submitting their Single Audit Reports and the Data Collections Forms (SF-FAC) electronically to the to the Federal Audit Clearinghouse Visit disclaimer page (FAC) within the earlier of 30 days after receipt or nine months after the FY s end of the audit period. The FAC operates on behalf of the OMB.

For specific questions and information concerning the submission process: Visit the Federal Audit Clearinghouse at <https://harvester.census.gov/facweb> or Call FAC at the toll-free number: (800) 253-0696

#### **Reporting Requirements:**

##### **Federal Financial Report (FFR)**

The recipient is required to submit a Federal Financial Report (FFR) 90 days after the close of the performance period (project period). The SF-425 shall report total funds obligated and total funds expended by the grantee.

Effective January 1, 2021, award recipients are required to submit the SF-425 Federal Financial Report (FFR) via the Payment Management System (PMS). If the individual responsible for FFR submission does not already have an account with PMS, please [contact PMS](#) to obtain access.

Recipients must liquidate all obligations incurred under an award not later than ninety (90) days after the end of the award obligation and expenditure period (i.e., the project period) which also coincides with the due date for submission of the FINAL SF-425, *Federal Financial Report* (FFR). After ninety (90) days, letter of credit accounts are locked. SAMHSA does not approve extensions to the ninety (90) day post-award reconciliation/liquidation period. Therefore, recipients are expected to complete all work and reporting within the approved project period and the aforementioned 90-day post-award reconciliation/liquidation period. Recipients (late) withdrawal requests occurring after the aforementioned periods are denied. In rare instances, SAMHSA

may approve an extension to submit a FINAL SF-425 FFR report, but this is *not* an extension of the 90-day post award reconciliation/liquidation period, but rather only an extension to submit the Final SF-425 report (FFR).

### **Annual Report**

Reporting on the ARPA funding is required. States must prepare and submit their respective reports utilizing WebBGAS. Failure to comply with these requirements may cause the initiation of enforcement actions that can culminate in discontinuation of SABG grants.

Your assigned SABG Program Official will provide further guidance and additional submission information.

In accordance with the regulatory requirements provided at 45 CFR 75.113 and Appendix XII to 45 CFR Part 75, recipients that have currently active Federal grants, cooperative agreements, and procurement contracts with cumulative total value greater than \$10,000,000 must report and maintain information in the System for Award Management (SAM) about civil, criminal, and administrative proceedings in connection with the award or performance of a Federal award that reached final disposition within the most recent five-year period. The recipient must also make semiannual disclosures regarding such proceedings. Proceedings information will be made publicly available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)). Full reporting requirements and procedures are found in Appendix XII to 45 CFR Part 75.

## 16) Audits

Non-Federal recipients that expend \$750,000 or more in federal awards during the recipient's fiscal year must obtain an audit conducted for that year in accordance with the provisions of 45 CFR 96.31.

Recipients are responsible for submitting their Single Audit Reports and the Data Collections Forms (SF-FAC) electronically to the Federal Audit Clearinghouse Visit disclaimer page (FAC) within the earlier of 30 days after receipt or nine months after the FY's end of the audit period. The FAC operates on behalf of the OMB.

For specific questions and information concerning the submission process: Visit the Federal Audit Clearinghouse at <https://harvester.census.gov/facweb> or Call FAC at the toll-free number: (800) 253-0696

### **Reporting Requirements:**

#### **Annual Report**

Reporting on the ARPA funding is required. After the end of each fiscal year, a FY annual report is required on December 31, until the funds expire, and states must upload a narrative report including activities and expenditures. States must prepare and submit their respective reports utilizing WebBGAS. Your assigned SABG Program Official will provide further guidance and additional submission information.

Failure to comply with these requirements may cause the initiation of enforcement actions that can culminate in discontinuation of SABG grants.

#### **Federal Financial Report (FFR)**

The recipient is required to submit a Federal Financial Report (FFR) 90 days after the close of the performance period (project period). The SF-425 shall report total funds obligated and total funds expended by the grantee.

Effective January 1, 2021, award recipients are required to submit the SF-425 Federal Financial Report (FFR) via the Payment Management System (PMS). If the individual responsible for FFR submission does not already have an account with PMS, please [contact PMS](#) to obtain access.

Recipients must liquidate all obligations incurred under an award not later than ninety (90) days after the end of the award obligation and expenditure period (i.e., the project period) which also coincides with the due date for submission of the FINAL SF-425, *Federal Financial Report* (FFR). After ninety (90) days, letter of credit accounts are locked. SAMHSA does not approve extensions to the ninety (90) day post-award reconciliation/liquidation period. Therefore, recipients are expected to complete all work and reporting within the approved project period and the aforementioned 90-day post-award reconciliation/liquidation period. Recipients (late) withdrawal requests occurring after the aforementioned periods are denied. In rare instances, SAMHSA may approve an extension to submit a FINAL SF-425 FFR report, but this is *not* an extension of the 90-day post award reconciliation/liquidation period, but rather only an extension to submit the Final SF-425 report (FFR).

In accordance with the regulatory requirements provided at 45 CFR 75.113 and Appendix XII to 45 CFR Part 75, recipients that have currently active Federal grants, cooperative agreements, and procurement contracts with cumulative total value greater than \$10,000,000 must report and maintain information in the System for Award Management (SAM) about civil, criminal, and administrative proceedings in connection with the award or performance of a Federal award that reached final disposition within the most recent five-year period. The recipient must also make semiannual disclosures regarding such proceedings. Proceedings information will be made publicly available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)). Full reporting requirements and procedures are found in Appendix XII to 45 CFR Part 75.

**SECTION III – TERMS AND CONDITIONS – 6B08TI083946-01M001****REMARKS****Termination of CRSSA & ARP Awards - Non-Discretionary****Block Grant Notice of Award (NoA) Terms for Terminating COVID-19 Awards (CRSSA and ARP)**

During the COVID-19 pandemic, the Substance Abuse and Mental Health Services Administration (SAMHSA) awarded several pandemic-related grants funded by the [Coronavirus Response and Relief Supplemental Appropriations Act](#) (CRRSA) which provided funds to respond to the coronavirus outbreak and the [American Rescue Plan](#) (ARP) Act which provided additional relief to address the continued impact of COVID-19.

The termination of this award is for cause. The block grant provisions at [42 U.S.C. 300x-55](#) permit termination if the state has materially failed to comply with the agreements or other conditions required for the receipt of a grant under the program involved. The end of the pandemic provides cause to terminate COVID-related grants and cooperative agreements. These grants and cooperative agreements were issued for a limited purpose: to ameliorate the effects of the pandemic. Now that the pandemic is over, the grants and cooperative agreements are no longer necessary as their limited purpose has run out. Termination of this award is effective as of 11:59PM EDT, March 24, 2025.

**REPORTING REQUIREMENTS**

In accordance with [45 CFR 96.30 \(4\)](#), block grant award recipients are required to provide a Financial Status Report (FFR) no later than 90 calendar days after March 24, 2025. Recipients must liquidate all obligations incurred under an award no later than 90 calendar days after March 24, 2025, which also coincides with the due date for submission of the FINAL SF-425, Federal Financial Report (FFR). Reimbursements after termination are allowable if the reimbursements result from obligations which were properly incurred on or before March 24, 2025.

Recipients are expected to cease all activities immediately and complete the reconciliation/liquidation process no later than 90 calendar days after the termination effective date. **SAMHSA does not approve extensions to the post-award 90 calendar day reconciliation/liquidation period.**

#### RESTRICTION ON THE DRAWDOWN OF FUNDS

The related Payment Management System account has been restricted from drawing down funding which now requires prior approval from SAMHSA.

#### PAYMENT REQUEST

Reimbursements after termination are allowable for obligations that were properly incurred on or before the effective date of the termination.

To request reimbursement, your organization must email your cognizant Grants Management Specialists (see contact information below) stating the amount requested and certifying in the email that all costs claimed for reimbursement are allowable, allocable, reasonable, and necessary and were incurred on or before the effective date of the termination, in accordance with 45 CFR 96.30 .

All requests for reimbursement must be submitted **no later than 90 calendar days from the effective date of the termination** to [wendy.pang@samhsa.hhs.gov](mailto:wendy.pang@samhsa.hhs.gov), [katrina.morgan@samhsa.hhs.gov](mailto:katrina.morgan@samhsa.hhs.gov), and [SAMHSAgrants@samhsa.hhs.gov](mailto:SAMHSAgrants@samhsa.hhs.gov). If approved, a follow-up email will be sent to you to submit your payment request to PMS only requesting the amount approved in SAMHSA's email response. Once you submit your payment request to PMS it will be reviewed for accuracy and either approved for drawdown or returned. SAMHSA does not approve extensions to the 90-calendar day post-award reconciliation/liquidation period.

As a reminder, PMS introduced a new mandatory field in the payment request screen at the subaccount level. This field, limited to 1,000 characters, will capture a justification from the grant recipient explaining the purpose of the payment request.

#### **Opportunity for Hearing:**

Block grant recipients may request a hearing to dispute this decision by submitting a written notice to the Substance Abuse and Mental Health Services Administration (SAMHSA) requesting a hearing within 15 calendar days of the date of this Notice of Award to: [SAMHSAgrants@samhsa.hhs.gov](mailto:SAMHSAgrants@samhsa.hhs.gov). The request for a hearing must include a copy of this termination notice and a brief statement of why this decision should not be upheld.

Enclosure

The October 1994 notice required State Medicaid agencies to specify the reimbursement for the administration of the pediatric vaccines, and, if applicable, submit documentation of equal access, due by April 1 of each year, beginning April 1, 1995 (and which is effective July 1, 1995), as part of its obstetrical/pediatric payment rate State Medicaid plan amendment submittal. The notice also stated that if the State Medicaid agency elected to pay the maximum regional amount statewide, it need only specify this in its State plan amendment submittal (no additional documentation would have been needed). However, if the State Medicaid agency elected to vary the vaccine administration fee by geographic areas within the State, the State must list the administration fee, specify the methodology, and provide data for each geographic area where the maximum charges are not applied. Additionally, the notice stated that, because of the October 1, 1994 implementation date, the State plan amendment must have been submitted by December 31, 1994, and have been effective October 1, 1994. For the interim period of October 1, 1994, through March 31, 1995, the notice provided that States may claim Federal matching funds for the costs of administration of vaccines to Medicaid-eligible children using the maximum charges or lower fees established on the basis of the guidance provided in the notice. For this interim State plan amendment, the State would have been required to submit the methodology to document access to immunizations but would not have been required to supply supporting data by which Medicaid beneficiary access to immunizations was assured. Beginning April 1, 1995, documentation of equal access to immunizations would have been required to be included as part of the yearly obstetrical/pediatric State plan amendment submittal in accordance with section 1926 of the Social Security Act.

## II. Rescission of Access Guidelines

As a result of our preliminary review of public comments on the October 1994 notice regarding the documentation of access requirements, we are rescinding the requirement that States use the access guidelines to provide assurances of equal access, pending further evaluation.

Following are some of the problems the commenters identified with the access requirements:

- Difficulties in obtaining current data on the number of children in the general population who have received

immunizations, despite the fact that States have data on the number of Medicaid children who have been immunized.

- Difficulties in obtaining private insurance information only on administration fee reimbursement. It is unlikely that private insurance companies will have a reimbursement rate that only covers the provider's costs for administration of the immunization.

- Difficulties in obtaining useable data currently. These problems stem from the fact that some States have not yet implemented the VFC Program for private providers.

- Difficulties in obtaining VFC Program reimbursement data. Due to the October 1, 1994, implementation date, most of the claims data that would be used to document access in April 1995 would reflect provider participation based on the current reimbursement system rather than reimbursement through the VFC program.

- Difficulties in obtaining reliable and meaningful measures of access. Commenters urged HCFA to develop meaningful measures of access for vaccines and for all other obstetrical and pediatric services.

As a result of the rescission of the access guidelines, States will not be required to provide a methodology or data to document that payment levels are sufficient to enlist enough providers so that immunizations under the State plan are available to Medicaid recipients at least to the extent that those services are available to the general population.

HCFA is forming a workgroup that will examine alternative measures of access to vaccines. After this examination is completed, we will evaluate the various suggestions of the group and formulate specific guidelines for States. These guidelines, along with responses to all other timely public comments on the October 3, 1994, notice, will be published in a final **Federal Register** document.

In accordance with the provisions of Executive Order 12866, this notice has been reviewed by the Office of Management and Budget. (Catalog of Federal Domestic Assistance Program No. 93.778, Medical Assistance Program)

## Hearing Procedures for Certain Issues Related to the Substance Abuse Prevention and Treatment and the Community Mental Health Services Block Grant Programs

**AGENCY:** Substance Abuse and Mental Health Services Administration (SAMHSA), HHS.

**ACTION:** Notice.

**SUMMARY:** SAMHSA administers two block grant programs: the Substance Abuse Prevention and Treatment (SAPT) Block Grant Program and the Community Mental Health Services (CMHS) Block Grant Program, both of which are authorized by Title XIX of the Public Health Service (PHS) Act.

Section 1945(e) of the PHS Act provides a State the opportunity for a hearing on certain noncompliance issues relating to the block grants prior to the Secretary taking final action against the State. To the extent that the hearing procedures contained in 45 CFR part 96, subpart E, 42 CFR part 50, subpart D, or 45 CFR part 16 do not apply to the noncompliance issue raised, the guidelines established below for hearings will apply to assist in providing a prompt and orderly hearing. When these procedures are applicable, the State will be provided a copy of the procedures with the notice of noncompliance.

These procedures are currently effective. However, we are inviting comments from the public on the procedures and such comments are to be sent to the information contact person identified immediately below within 60 days from the date of this publication. Comments received will be carefully considered and may cause the procedures to be revised.

**FOR FURTHER INFORMATION CONTACT:**

Richard Kopanda, Acting Executive Officer, SAMHSA, 5600 Fishers Lane, Room 12-105, Rockville, MD 20857,  
Telephone No. (301) 443-3875.

## Hearing Procedures

### *Sec. 1. Limitations on Issues Subject to Review During the Hearing*

The scope of review shall be limited to (a) the facts relevant to the noncompliance at issue, and (b) the necessary interpretations of those facts, any applicable regulations, and other relevant law. The legal validity of any regulations or statutes shall not be subject to review under these procedures.

**18138**

**Federal Register / Vol. 60, No. 68 / Monday, April 10,**

**1995 / Notices**

### *Sec. 2. The Request for a Hearing and the Hearing Official's Response*

(a) The State must submit a written notice to the Substance Abuse and Mental Health Services Administration (SAMHSA) requesting a hearing within 15 days of the date of the notice of noncompliance (which will set forth the reasons for the finding of noncompliance and be accompanied by a copy of these hearing procedures), unless some other time period is agreed to by the parties. The written notice must be sent to *(name and address of person identified in the letter to the State)*. The written notice requesting a hearing must include a copy of the notice of noncompliance and a brief statement of why the decision of noncompliance is wrong.

(b) Within ten days after receiving the request for review, SAMHSA will send an acknowledgment, identify the hearing official and advise the State of the next steps.

### *Sec. 3. The Procedures for Development of the Hearing File and Submission of Written Argument*

The procedures for development and the submission of written argument are as follows:

(a) *State's documents and briefs.* Within 30 days after receiving the acknowledgment of the request for a hearing, the State shall submit to the hearing official the following (with a copy of SAMHSA at the address listed in sec. 2):

(1) A written statement, not to exceed 20 double-spaced pages, explaining why the Government's determination of noncompliance is wrong.

(2) A review file containing the documents supporting the State's argument, tabbed and reasonably organized, and accompanied by an index identifying each document. Only essential documents should be submitted to the hearing official.

(b) *SAMHSA's Documents and Brief.* Within 30 days after receiving the State's submission, SAMHSA shall submit to the hearing official the following (with a copy to the State):

(1) A written statement, not exceeding 20 double-spaced pages in length, responding to the State's brief.

(2) A review file containing documents supporting the Government's decision of noncompliance, tabbed and reasonably organized, and accompanied by an index identifying each document. Only essential documents should be submitted to the hearing official.

(c) *The State's Reply Brief.* Within 15 days after receiving SAMHSA's

submission, the State may submit a short reply not to exceed 10 double-spaced pages (with a copy to SAMHSA at the address listed in sec. 2).

*Sec. 4. Opportunity for Oral Presentation*

(a) *Electing Oral Presentation.* Either the Federal Government or the State may request the opportunity for an oral presentation by submitting such a request in writing to the hearing official on or before the date the State is to submit its reply brief under section 3(c). The hearing official will grant the request if the official determines that a genuine and substantial issue of fact has been raised by the material submitted and that the consideration of the issue will benefit from an oral presentation. The hearing official may also upon his or her initiative request an oral presentation by the parties.

(b) *Preliminary Conference.* The hearing official may hold a prehearing conference (usually a telephone conference call) to consider any of the following: Simplifying and clarifying issues; stipulations and admissions; limitations on evidence and witnesses that will be presented at the hearing; time allotted for each witness and the hearing altogether; scheduling the hearing; and any other matter that will assist in the review process. Normally, this conference will be conducted informally. The hearing official may, at his or her discretion, produce a written document summarizing the conference or transcribe the conference, either of which will be made a part of the record.

(c) *Time and Place of Oral Presentation.* The hearing official will attempt to schedule the oral presentation, if granted, within 30 days of the date of the last reply brief. The oral presentation will be held at a time and place determined by the hearing official following consultation with the parties.

(d) *Conduct of the Oral Presentation.*

(1) *General.* The hearing official is responsible for conducting the oral presentation. The hearing official may be assisted by one or more of his or her employees or consultants in conducting the oral presentation and hearing the evidence. While the oral presentation will be kept as informal as possible, the hearing official may take all necessary steps to ensure an orderly proceeding.

(2) *Admission of Evidence.* The formal rules of evidence do not apply and the hearing official will generally admit all testimonial evidence unless it is clearly irrelevant, immaterial, or unduly repetitious. Each party may make an opening and closing statement, may present witnesses as agreed upon in the

prehearing conference or otherwise, and may question the opposing party's witnesses. Since the parties have ample opportunity to prepare the review file, a party may introduce additional documentation during the oral presentation only with the permission of the hearing official. The hearing official may question witnesses directly and take such other steps necessary to ensure an effective and efficient consideration of the evidence, including setting time limitations on direct and cross-examinations.

(3) *Transcripts.* The hearing official may have the oral presentation transcribed and, if so transcribed, the transcript shall be made a part of the record. Either party may request a copy of the transcript and the requesting party shall be responsible for paying for its copy of the transcript.

(e) *Obstruction of Justice or Making of False Statements.* Obstruction of justice or the making of false statements by a witness or any other person may be the basis for a criminal prosecution under 18 U.S.C. 1505, 1001, or related statutes or regulations.

(f) *Post-hearing Procedures.* At his or her discretion, the hearing official may require or permit the parties to submit post-hearing briefs or proposed findings and conclusions. Each party may submit comments on any major prejudicial errors in the transcript.

#### *Sec. 5. Burden of Proof*

In all cases, the Government bears the burden of proving by a preponderance of the evidence that the State has not complied with the relevant provisions of the law. However, if a State is required to expend or otherwise account for money in a particular manner, the State shall have the burden of producing audible records to show how the money was spent or otherwise accounted for or there will be a presumption created that the State did not expend or otherwise account for the funds correctly.

#### *Sec. 6. Ex Parte Communications*

Except for minor or routine administrative and procedural matters, a party shall not communicate with the hearing official or his or her staff on the matter without notice to the other party. All written communications to the hearing official shall simultaneously be submitted to the other party.

#### *Sec. 7. Transmission of Written Communications and Calculation of Deadlines*

(a) Because of the importance of a timely review, all written communications are to be transmitted by facsimile or overnight express mail.

**Federal Register / Vol. 60, No. 68 / Monday, April 10,**

---

**1995 / Notices**

**1813**

The date of transmission (for facsimile) or the day following mailing (for overnight mail) will be considered the date of receipt.

(b) In counting days, include Saturdays, Sundays, and holidays. However, if a due date falls on a Saturday, Sunday, or Federal holiday, then the due date is the next Federal working day.

#### *Sec. 8. Appointment of and Authority and Responsibilities of Hearing Official*

There shall only be one hearing official appointed to the case and that hearing official shall be appointed by the Administrator of SAMHSA. In addition to any other authority specified in these procedures, the hearing official shall have the authority to issue orders; examine witnesses; take all steps necessary for the conduct of an orderly

copy of the recommendation to the State and SAMHSA.

(b) *Date of Recommendation.* The hearing official will attempt to issue his or her recommendation within 15 days of the date of the oral presentation, the date on which the transcript is received, or the date of the last submission by either party, whichever is later. If there is no oral presentation, the recommendation will normally be issued within 15 days of the date of receipt of the last reply brief. Once issued, the hearing official will immediately communicate the recommendation to each party.

**SECTION III – TERMS AND CONDITIONS – 6B08TI084586-01M001****REMARKS****Termination of CRSSA & ARP Awards - Non-Discretionary****Block Grant Notice of Award (NoA) Terms for Terminating COVID-19 Awards (CRSSA and ARP)**

During the COVID-19 pandemic, the Substance Abuse and Mental Health Services Administration (SAMHSA) awarded several pandemic-related grants funded by the [Coronavirus Response and Relief Supplemental Appropriations Act](#) (CRRSA) which provided funds to respond to the coronavirus outbreak and the [American Rescue Plan](#) (ARP) Act which provided additional relief to address the continued impact of COVID-19.

The termination of this award is for cause. The block grant provisions at [42 U.S.C. 300x-55](#) permit termination if the state has materially failed to comply with the agreements or other conditions required for the receipt of a grant under the program involved. The end of the pandemic provides cause to terminate COVID-related grants and cooperative agreements. These grants and cooperative agreements were issued for a limited purpose: to ameliorate the effects of the pandemic. Now that the pandemic is over, the grants and cooperative agreements are no longer necessary as their limited purpose has run out. Termination of this award is effective as of 11:59PM EDT, March 24, 2025.

**REPORTING REQUIREMENTS**

In accordance with [45 CFR 96.30 \(4\)](#), block grant award recipients are required to provide a Financial Status Report (FFR) no later than 90 calendar days after March 24, 2025. Recipients must liquidate all obligations incurred under an award no later than 90 calendar days after March 24, 2025, which also coincides with the due date for submission of the FINAL SF-425, Federal Financial Report (FFR). Reimbursements after termination are allowable if the reimbursements result from obligations which were properly incurred on or before March 24, 2025.

Recipients are expected to cease all activities immediately and complete the reconciliation/liquidation process no later than 90 calendar days after the termination effective date. **SAMHSA does not approve extensions to the post-award 90 calendar day reconciliation/liquidation period.**

#### RESTRICTION ON THE DRAWDOWN OF FUNDS

The related Payment Management System account has been restricted from drawing down funding which now requires prior approval from SAMHSA.

#### PAYMENT REQUEST

Reimbursements after termination are allowable for obligations that were properly incurred on or before the effective date of the termination.

To request reimbursement, your organization must email your cognizant Grants Management Specialists (see contact information below) stating the amount requested and certifying in the email that all costs claimed for reimbursement are allowable, allocable, reasonable, and necessary and were incurred on or before the effective date of the termination, in accordance with 45 CFR 96.30 .

All requests for reimbursement must be submitted **no later than 90 calendar days from the effective date of the termination** to [wendy.pang@samhsa.hhs.gov](mailto:wendy.pang@samhsa.hhs.gov), [katrina.morgan@samhsa.hhs.gov](mailto:katrina.morgan@samhsa.hhs.gov), and [SAMHSAgrants@samhsa.hhs.gov](mailto:SAMHSAgrants@samhsa.hhs.gov). If approved, a follow-up email will be sent to you to submit your payment request to PMS only requesting the amount approved in SAMHSA's email response. Once you submit your payment request to PMS it will be reviewed for accuracy and either approved for drawdown or returned. SAMHSA does not approve extensions to the 90-calendar day post-award reconciliation/liquidation period.

As a reminder, PMS introduced a new mandatory field in the payment request screen at the subaccount level. This field, limited to 1,000 characters, will capture a justification from the grant recipient explaining the purpose of the payment request.

#### **Opportunity for Hearing:**

Block grant recipients may request a hearing to dispute this decision by submitting a written notice to the Substance Abuse and Mental Health Services Administration (SAMHSA) requesting a hearing within 15 calendar days of the date of this Notice of Award to: [SAMHSAgrants@samhsa.hhs.gov](mailto:SAMHSAgrants@samhsa.hhs.gov). The request for a hearing must include a copy of this termination notice and a brief statement of why this decision should not be upheld.

Enclosure

The October 1994 notice required State Medicaid agencies to specify the reimbursement for the administration of the pediatric vaccines, and, if applicable, submit documentation of equal access, due by April 1 of each year, beginning April 1, 1995 (and which is effective July 1, 1995), as part of its obstetrical/pediatric payment rate State Medicaid plan amendment submittal. The notice also stated that if the State Medicaid agency elected to pay the maximum regional amount statewide, it need only specify this in its State plan amendment submittal (no additional documentation would have been needed). However, if the State Medicaid agency elected to vary the vaccine administration fee by geographic areas within the State, the State must list the administration fee, specify the methodology, and provide data for each geographic area where the maximum charges are not applied. Additionally, the notice stated that, because of the October 1, 1994 implementation date, the State plan amendment must have been submitted by December 31, 1994, and have been effective October 1, 1994. For the interim period of October 1, 1994, through March 31, 1995, the notice provided that States may claim Federal matching funds for the costs of administration of vaccines to Medicaid-eligible children using the maximum charges or lower fees established on the basis of the guidance provided in the notice. For this interim State plan amendment, the State would have been required to submit the methodology to document access to immunizations but would not have been required to supply supporting data by which Medicaid beneficiary access to immunizations was assured. Beginning April 1, 1995, documentation of equal access to immunizations would have been required to be included as part of the yearly obstetrical/pediatric State plan amendment submittal in accordance with section 1926 of the Social Security Act.

## II. Rescission of Access Guidelines

As a result of our preliminary review of public comments on the October 1994 notice regarding the documentation of access requirements, we are rescinding the requirement that States use the access guidelines to provide assurances of equal access, pending further evaluation.

Following are some of the problems the commenters identified with the access requirements:

- Difficulties in obtaining current data on the number of children in the general population who have received

immunizations, despite the fact that States have data on the number of Medicaid children who have been immunized.

- Difficulties in obtaining private insurance information only on administration fee reimbursement. It is unlikely that private insurance companies will have a reimbursement rate that only covers the provider's costs for administration of the immunization.

- Difficulties in obtaining useable data currently. These problems stem from the fact that some States have not yet implemented the VFC Program for private providers.

- Difficulties in obtaining VFC Program reimbursement data. Due to the October 1, 1994, implementation date, most of the claims data that would be used to document access in April 1995 would reflect provider participation based on the current reimbursement system rather than reimbursement through the VFC program.

- Difficulties in obtaining reliable and meaningful measures of access. Commenters urged HCFA to develop meaningful measures of access for vaccines and for all other obstetrical and pediatric services.

As a result of the rescission of the access guidelines, States will not be required to provide a methodology or data to document that payment levels are sufficient to enlist enough providers so that immunizations under the State plan are available to Medicaid recipients at least to the extent that those services are available to the general population.

HCFA is forming a workgroup that will examine alternative measures of access to vaccines. After this examination is completed, we will evaluate the various suggestions of the group and formulate specific guidelines for States. These guidelines, along with responses to all other timely public comments on the October 3, 1994, notice, will be published in a final **Federal Register** document.

In accordance with the provisions of Executive Order 12866, this notice has been reviewed by the Office of Management and Budget. (Catalog of Federal Domestic Assistance Program No. 93.778, Medical Assistance Program)

## Hearing Procedures for Certain Issues Related to the Substance Abuse Prevention and Treatment and the Community Mental Health Services Block Grant Programs

**AGENCY:** Substance Abuse and Mental Health Services Administration (SAMHSA), HHS.

**ACTION:** Notice.

**SUMMARY:** SAMHSA administers two block grant programs: the Substance Abuse Prevention and Treatment (SAPT) Block Grant Program and the Community Mental Health Services (CMHS) Block Grant Program, both of which are authorized by Title XIX of the Public Health Service (PHS) Act.

Section 1945(e) of the PHS Act provides a State the opportunity for a hearing on certain noncompliance issues relating to the block grants prior to the Secretary taking final action against the State. To the extent that the hearing procedures contained in 45 CFR part 96, subpart E, 42 CFR part 50, subpart D, or 45 CFR part 16 do not apply to the noncompliance issue raised, the guidelines established below for hearings will apply to assist in providing a prompt and orderly hearing. When these procedures are applicable, the State will be provided a copy of the procedures with the notice of noncompliance.

These procedures are currently effective. However, we are inviting comments from the public on the procedures and such comments are to be sent to the information contact person identified immediately below within 60 days from the date of this publication. Comments received will be carefully considered and may cause the procedures to be revised.

**FOR FURTHER INFORMATION CONTACT:**

Richard Kopanda, Acting Executive Officer, SAMHSA, 5600 Fishers Lane, Room 12-105, Rockville, MD 20857,  
Telephone No. (301) 443-3875.

## Hearing Procedures

### *Sec. 1. Limitations on Issues Subject to Review During the Hearing*

The scope of review shall be limited to (a) the facts relevant to the noncompliance at issue, and (b) the necessary interpretations of those facts, any applicable regulations, and other relevant law. The legal validity of any regulations or statutes shall not be subject to review under these procedures.

**18138**

**Federal Register / Vol. 60, No. 68 / Monday, April 10,**

**1995 / Notices**

### *Sec. 2. The Request for a Hearing and the Hearing Official's Response*

(a) The State must submit a written notice to the Substance Abuse and Mental Health Services Administration (SAMHSA) requesting a hearing within 15 days of the date of the notice of noncompliance (which will set forth the reasons for the finding of noncompliance and be accompanied by a copy of these hearing procedures), unless some other time period is agreed to by the parties. The written notice must be sent to *(name and address of person identified in the letter to the State)*. The written notice requesting a hearing must include a copy of the notice of noncompliance and a brief statement of why the decision of noncompliance is wrong.

(b) Within ten days after receiving the request for review, SAMHSA will send an acknowledgment, identify the hearing official and advise the State of the next steps.

### *Sec. 3. The Procedures for Development of the Hearing File and Submission of Written Argument*

The procedures for development and the submission of written argument are as follows:

(a) *State's documents and briefs.* Within 30 days after receiving the acknowledgment of the request for a hearing, the State shall submit to the hearing official the following (with a copy of SAMHSA at the address listed in sec. 2):

(1) A written statement, not to exceed 20 double-spaced pages, explaining why the Government's determination of noncompliance is wrong.

(2) A review file containing the documents supporting the State's argument, tabbed and reasonably organized, and accompanied by an index identifying each document. Only essential documents should be submitted to the hearing official.

(b) *SAMHSA's Documents and Brief.* Within 30 days after receiving the State's submission, SAMHSA shall submit to the hearing official the following (with a copy to the State):

(1) A written statement, not exceeding 20 double-spaced pages in length, responding to the State's brief.

(2) A review file containing documents supporting the Government's decision of noncompliance, tabbed and reasonably organized, and accompanied by an index identifying each document. Only essential documents should be submitted to the hearing official.

(c) *The State's Reply Brief.* Within 15 days after receiving SAMHSA's

submission, the State may submit a short reply not to exceed 10 double-spaced pages (with a copy to SAMHSA at the address listed in sec. 2).

*Sec. 4. Opportunity for Oral Presentation*

(a) *Electing Oral Presentation.* Either the Federal Government or the State may request the opportunity for an oral presentation by submitting such a request in writing to the hearing official on or before the date the State is to submit its reply brief under section 3(c). The hearing official will grant the request if the official determines that a genuine and substantial issue of fact has been raised by the material submitted and that the consideration of the issue will benefit from an oral presentation. The hearing official may also upon his or her initiative request an oral presentation by the parties.

(b) *Preliminary Conference.* The hearing official may hold a prehearing conference (usually a telephone conference call) to consider any of the following: Simplifying and clarifying issues; stipulations and admissions; limitations on evidence and witnesses that will be presented at the hearing; time allotted for each witness and the hearing altogether; scheduling the hearing; and any other matter that will assist in the review process. Normally, this conference will be conducted informally. The hearing official may, at his or her discretion, produce a written document summarizing the conference or transcribe the conference, either of which will be made a part of the record.

(c) *Time and Place of Oral Presentation.* The hearing official will attempt to schedule the oral presentation, if granted, within 30 days of the date of the last reply brief. The oral presentation will be held at a time and place determined by the hearing official following consultation with the parties.

(d) *Conduct of the Oral Presentation.*

(1) *General.* The hearing official is responsible for conducting the oral presentation. The hearing official may be assisted by one or more of his or her employees or consultants in conducting the oral presentation and hearing the evidence. While the oral presentation will be kept as informal as possible, the hearing official may take all necessary steps to ensure an orderly proceeding.

(2) *Admission of Evidence.* The formal rules of evidence do not apply and the hearing official will generally admit all testimonial evidence unless it is clearly irrelevant, immaterial, or unduly repetitious. Each party may make an opening and closing statement, may present witnesses as agreed upon in the

prehearing conference or otherwise, and may question the opposing party's witnesses. Since the parties have ample opportunity to prepare the review file, a party may introduce additional documentation during the oral presentation only with the permission of the hearing official. The hearing official may question witnesses directly and take such other steps necessary to ensure an effective and efficient consideration of the evidence, including setting time limitations on direct and cross-examinations.

(3) *Transcripts.* The hearing official may have the oral presentation transcribed and, if so transcribed, the transcript shall be made a part of the record. Either party may request a copy of the transcript and the requesting party shall be responsible for paying for its copy of the transcript.

(e) *Obstruction of Justice or Making of False Statements.* Obstruction of justice or the making of false statements by a witness or any other person may be the basis for a criminal prosecution under 18 U.S.C. 1505, 1001, or related statutes or regulations.

(f) *Post-hearing Procedures.* At his or her discretion, the hearing official may require or permit the parties to submit post-hearing briefs or proposed findings and conclusions. Each party may submit comments on any major prejudicial errors in the transcript.

#### *Sec. 5. Burden of Proof*

In all cases, the Government bears the burden of proving by a preponderance of the evidence that the State has not complied with the relevant provisions of the law. However, if a State is required to expend or otherwise account for money in a particular manner, the State shall have the burden of producing audible records to show how the money was spent or otherwise accounted for or there will be a presumption created that the State did not expend or otherwise account for the funds correctly.

#### *Sec. 6. Ex Parte Communications*

Except for minor or routine administrative and procedural matters, a party shall not communicate with the hearing official or his or her staff on the matter without notice to the other party. All written communications to the hearing official shall simultaneously be submitted to the other party.

#### *Sec. 7. Transmission of Written Communications and Calculation of Deadlines*

(a) Because of the importance of a timely review, all written communications are to be transmitted by facsimile or overnight express mail.

---

**1995 / Notices**

**1813**

The date of transmission (for facsimile) or the day following mailing (for overnight mail) will be considered the date of receipt.

(b) In counting days, include Saturdays, Sundays, and holidays. However, if a due date falls on a Saturday, Sunday, or Federal holiday, then the due date is the next Federal working day.

#### *Sec. 8. Appointment of and Authority and Responsibilities of Hearing Official*

There shall only be one hearing official appointed to the case and that hearing official shall be appointed by the Administrator of SAMHSA. In addition to any other authority specified in these procedures, the hearing official shall have the authority to issue orders; examine witnesses; take all steps necessary for the conduct of an orderly

copy of the recommendation to the State and SAMHSA.

(b) *Date of Recommendation.* The hearing official will attempt to issue his or her recommendation within 15 days of the date of the oral presentation, the date on which the transcript is received, or the date of the last submission by either party, whichever is later. If there is no oral presentation, the recommendation will normally be issued within 15 days of the date of receipt of the last reply brief. Once issued, the hearing official will immediately communicate the recommendation to each party.
